Come visit the old Allebach & Cholet farm here in Creamery! (The farm derives its name from the two families that owned the property since the 1880s). Tour the inside of our 1830s Pennsylvania bank-barn to see how it was built and view the collection of old farm tools from yesteryear. Antique tractors will also be on display to remind us that not long ago Skippack was a thriving agricultural community. Refreshments, live animals.
